WORK EXPERIENCE

CORSICA TECHNOLOGIES   FRONT-END WEB DEVELOPER
January 2020-March 2020

- Fort Wayne, IN | (260) 432-1364 | Laid off due to COVID-19 related cutbacks

Worked on developing the front-end of the company's proprietary client portal, which was built with React, as well as made updates and changes to a web app developed specifically for a client's needs (also a React project). Worked on development of an internal web app that needed to be updated to meet changing business requirements. Met deadlines for new features and fixed bugs.

UNITED ART & EDUCATION   WEB DEVELOPER
June 2019-January 2020

- Fort Wayne, IN | (800) 322-3247

Handled the company website and internal intranet, making necessary upgrades. Oversaw the start of implementing Salesforce code integration. Modified SQL queries on the back end to integrate selling products on new web marketplaces, as well as integrating with APIs for new marketplaces.
